CAUTION TO THE PUBLIC!

DR. BRIGHT'S PHOSPHODYNE.

WHEREAS it has become known to the Proprietors of Dr. Bright's Phosphodyne that a worthless imitation, bearing a similar name, is exported to India, China, &c., and endeavored to be foisted on purchasers as equal in efficacy to Dr. Bright's Phosphodyne, they feel it due to the public to specially caution them against this compound and request their most careful attention to the following distinctive characteristics of Dr. Bright's (the only genuine) Phosphodyne.

1st.—That Dr. Bright's Phosphodyne is sold only in cases.

2nd.—The words "Dr. Bright's Phosphodyne" are clearly blown in each bottle.

3rd.—The Registered Trade Mark and Signature of Patentes are printed on the label of every case.

4th.—Directions for use in all the following languages are enclosed in each case: English, French, German, Italian, Dutch, Spanish, Portuguese, Russian, Danish, Turkish, Persian, Hindustani, Madras, Bengalee, Chinese, and Japanese.

Without which none can POSSIBLY be Genuine.

DR. BRIGHT'S PHOSPHODYNE

Is the Only Reliable Remedy for NERVOUS AND LIVER COMPLAINTS AND ALL FUNCTIONAL DERANGEMENTS.

DR. BRIGHT'S PHOSPHODYNE is sold by the Apothecary and the Dispensary, exclusively used in the Army and Navy, and is strongly recommended by the leading Medical Practitioners.

DR. BRIGHT'S PHOSPHODYNE

Is sold by all Chemists and Patent Medicine Vendors throughout the Globe.

In India, China, &c., DR. BRIGHT'S PHOSPHODYNE is generally sold at an advance on the English Price.

The high Estimation in which Phosphodyne is held is unquestionably due to its administration in this form. Therefore

ASK FOR

DR. BRIGHT'S PHOSPHODYNE

And do not be persuaded to take any Useless and Possibly Dangerous Imitation.

CAUTION TO MEDICINE VENDORS.

"The Trade Mark, Label, &c., of DR. BRIGHT'S PHOSPHODYNE are duly entered at Stationers' Hall, London, and are also registered in the Chief Office of the World."

Chemists and Druggists are hereby warned that legal proceedings will be immediately instituted by the Authorized Agents, against any person or persons selling fraudulent imitations of DR. BRIGHT'S (the only genuine) PHOSPHODYNE, from the 1st of January, 1879.

The Opera Company left to-day for Canton, where they intend playing. "La Fille de Madame Angot" to-night. Mr. Vernon did not accompany the troupe, being forbidden to do so by his medical adviser, so Mr. Phillips will be the part of "Ange Pitou."

The two men, Peter McEwen and John Barry, who were imprisoned on their own confession for being deserters from the British Army, were to-day released by the Court, as the Military authorities refused to recognize them. The men asked that they might be furnished with a copy of the proceedings, and His Lordship referred them to the Registrar.

The following gentlemen were the lucky drawers to-day for the first mob of griffins:—Messrs C. D. Bottomley, W. Legge, O. F. Chater, O. F. Nunn, W. K. Hughes, D. McCulloch, H. Just, and Geo. Lewis. The mob at present does not look very promising, but appears to be as rough and vicious a lot of animals as any lover of griffins could wish to see.

Owing to the sad news received by telegram last night, of the death of Princess Louise of Hesse (Alice Maud Mary of England), minute guns were fired to-day from the Battery: while the flags at Government House, over the various Consulates, and those of all the ships in harbour, were flown at half-mast. Princess Alice is the first of Her Majesty's children who has been removed by death; and as the event must have been somewhat sudden, no cause has been assigned for the sorrowful event. She was born on the 25th of April 1843, and was therefore a little more than 35 years of age. We understand that the Police and other Government officials have been ordered to wear a badge of mourning as a mark of respect for the late Princess.

The Annual Examination of the pupils at St. Joseph's College took place yesterday, Mr. J. J. Francis acting as examiner. The children were examined in reading, writing, arithmetic, grammar, geography, and other subjects. The examiner expressed his entire satisfaction with the manner in which the questions were answered; and Dr. Eitel, the Acting Inspector of Government Schools, who was also present and examined the second and third classes, said he was highly pleased with the result, and that if St. Joseph's College had been a Government School the whole of the boys would have passed with the exception of three in the third class. He more especially praised the boys on the accuracy of their parsing. There were several other gentlemen present, including Bishop Raimondi. The number of boys attending the school is 212 Europeans and 45 Chinese; the average daily attendance being 195 Europeans and 40 Chinese. The prizes are to be distributed after the vacation, which terminates on the 7th proximo.

The telegraphic news from England appears not to have been without its effect upon the mental powers of certain residents, judging from the following poetical effusion which reached us to-day:—

TO BEN JINGO.

O Great Divinity
Of brag and buncombe! We
Vassal and worship thee,
Imperial Jingo!
All hail, great deity!
We'll ever drink to thee
(When we can get it free)
In lush or stingo!

Service we pledge to thee,
Ruthless divinity!
God of audacity,
In Hamburg's stingo!
Hail to thy ministry!
Hail to thee glorious three!
Heady, Salisbury,
And Lord Ben Jingo!

At the General Missionary Conference lately held in England, the Rev. Dr. Legge, Professor of Chinese at Oxford, read a paper on "What impression the Gospel had made on the people of China, and what are the prospects of its success in relation to the opposing forms of unbelief existing there. The Rev. Dr. stated—"Morrison, who went in 1807, was the missionary pioneer. Medhurst and Aline followed. In 1839 he himself had gone out. It was then not possible to preach the Gospel. In 1842, by the Treaty of Nanking, Hongkong was handed over to England. Then the missionaries of the London Missionary Society and the American missionaries went there to see what could be done. There were then not more than six converts in all China. From the statistics read last year it appeared that there were now 238 missionaries at work, seventy-three single ladies, and 172 missionaries wives. There were 91 stations, 811 institutions, and 812 Chinese congregations organized. There were more than 18,000 communicants. Eighteen of the churches were self-supporting, and 243 partly so. There were seventy-three ordained native pastors, thirty boarding schools for boys, and thirty-eight for girls; 177 day-schools, and twenty theological colleges; sixteen missionary hospitals, with 8,750 in-patients and 87,503 out-patients, and twenty-four missionary dispensaries. Last year, 1,800 had been contributed for all purposes. The little flock of China had, since 1842, multiplied 2,000-fold. There were probably 50,000 professing Christians. There were 13,000 communicants. Many

had borne witness to their sincerity by prolonged sufferings, and even death. There had been the utmost harmony among the different societies, the number of which was a good and not an evil, producing healthy rivalry. He referred to the Roman Catholics, whose converts were said to be 600,000. But it had taken three centuries to bring up the number to this. At the rate of increase of the Protestant missions, for the last 30 years, there would be in 30 years more, 25,000,000 communicants and 100,000,000 adherents.

VICTORIA SCHOOL.

ANNUAL EXAMINATION AND DISTRIBUTION OF PRIZES.

To-day the annual examination and distribution of prizes at the "Victoria School," under the charge of Mr. and Mrs. Hanlon, was held; the examination, made by Dr. Eitel, the Acting Inspector of Schools, commencing at 9 a.m., and the distribution of prizes at 4 p.m. The prizes were distributed by His Excellency the Governor. Mrs. Hanlon, Major Palmer, A.D.C., Bishop Raimondi, and a large number of parents of the pupils in the school, and others, were also present. The examination showed that the girls excelled all through. There was a little weakness in arithmetic in the highest standard of the girls, but the Inspector ascribed this to nervousness, and that it was not due to any want of teaching was evident from the fact that all the other classes excelled in arithmetic. Grammar had been remarkably well taught, the papers of the girls being almost faultless. Their history papers were also remarkably well done. The satisfactory nature of the education imparted in the school may be gathered from the fact that out of twenty-six pupils presented only one failed. Some selections on the piano were capably played on the piano by the pupils, Master J. Noronha, playing from ear, particularly distinguishing himself on the instrument.

After distributing the prizes to the girls, His Excellency said that before he went any further he might venture to say that never before had he attended a distribution of prizes when, so far as he could judge from the papers he had examined, and the report he had received from Dr. Eitel, there was a more thoroughly satisfactory examination than that which had been passed by the class under the care of Mrs. Hanlon. The fact was that she was a lady well trained in education. She obtained the highest certificate in one of our model schools in Ireland, and she afterwards had the opportunity in France and in England of cultivating her profession. It was a great boon to parents in Hongkong to find here a lady of the accomplishments of Mrs. Hanlon prepared to teach their children. In the presence of those who were more competent judges in educational matters than he was, His Lordship Bishop Raimondi, Dr. Eitel and other educationists, he unhesitatingly said that there was no teacher in this Colony, male or female, who surpassed Mrs. Hanlon in the profession she had undertaken. Bishop Raimondi said that what His Excellency had stated that Mrs. Hanlon was every word which he had said. Mrs. Hanlon was one of the best of Christians, and she educated her pupils in the best Christian way.

Master H. Noronha then came forward, and delivered a few words of thanks to His Excellency on behalf of the pupils, in the style of a finished elocutionist.

His Excellency said he must say one or two words in reply to those of Master Noronha. The credit of the way in which that school was conducted of course rested with Mr. and Mrs. Hanlon, and something should be said, he thought, of the natural talent which some of the young ladies and gentlemen had displayed. Amongst the rest he must mention the young gentleman who had just spoken. He congratulated Mr. Hanlon upon the results of the examination of the boys' school, in addition to that of the young ladies who were taught by Mrs. Hanlon. In doing this he would take the opportunity of mentioning to those who were present that the most talented and attentive of the pupils who had been instructed by Mr. Hanlon, and one who had obtained the first prize to-day—the attendances of that young gentleman at the school were not sufficient for him to count under the Grant-in-aid scheme. The Government system required 200 attendances during the year of 4 hours each, and it happened that this young gentleman, the most talented and successful among the pupils, had not been able to attend the whole of those 200 times; in fact he had found on looking at the paper that he had attended only 180. Now if that boy was in an English school in England he would not be called upon to give more than 200 attendances of 2 hours each. When he remembered what the climate of this Colony was, and the difficulties in the way of getting to school, he must say he thought it was rather hard upon high class teachers, such as Mr. and Mrs. Hanlon that this rigid and severe rule existed. Within the last few weeks one of the principal middle-class schools in the Colony addressed through his friend Dr. Eitel, a memorial to the Government on this subject, and they begged that this rule of 200 attendances might be mitigated. He had to reply that the question of the rules of the grant-in-aid system were under his consideration, and until the matter had been thoroughly considered and decided, he could make no mitigation for any particular school. Perhaps next year, when he had the opportunity of consulting his Council, and ascertaining the views of the Home Government with respect to the Grant-in-aid system, it would perhaps be possible for them to relax the stringency of this rule, so as to enable Mr. Hanlon to have the advantage of the more liberal system that prevailed in England. He thanked those present on behalf of Mr. and Mrs. Hanlon, and he trusted that next year he would be able to congratulate the pupils and the friends of the school who were present upon another successful examination. The proceedings then terminated.
